Sustainable ingredients

Amino Acids

A large proportion of an animal's cells, muscles, and tissue are made up of amino acids, meaning they carry out many important bodily functions, such as giving cells their structure. They also play a key role in the transport and the storage of nutrients. Amino acids influence the function of organs, glands, tendons, and arteries. They are furthermore essential for healing wounds and repairing tissue, especially in the muscles, bones, skin, and hair/fur, as well as for the removal of all kinds of waste deposits produced in connection with the metabolism.

Ingredient
L - Cysteine HCL mono 20 Mesh
L - Glutamine
L - Histidine base
L - Threonine
L - Tryptophan
Taurine
Glycine
L-Leucine (Fermented)
L-Lysine HCL
L-Methionine

Joint Care

We offer a wide range of joint care supplements that are designed to support an animal's body and help mobility. We've worked with our key joint care supply partners for many years and can provide an extensive suite of quality materials.

Ingredient

Chicken Collagen Type II 90%

Bovine Collagen

Marine Collagen

Chondroitin Sulphate Avian

Glucosamine HCL /2KCL Fermented and Shell

Fish Collagen 90% (ASC Certified)

MSM (Methylsulfonylmethane)

Green Lipped Mussel powder

Refined Fish Oils

Hyaluronic Acid

DEFATTED Greenshell Mussel Powder

Minerals, Preservatives & Trace Elements

Our Range of minerals, preservatives and trace elements that will fortify animals diets with unmatched quality.

Ingredient

Magnesium Phosphate

Monosodium Phosphate

Potassium Chloride

Potassium Citrate

Potassium Sorbate Spherical

Propionic Acid

Sodium Benzoate Granular

Sodium Hydrogen Sulfate

Magnesium Citrate

Calcium Sulphate dihydrate

Zinc Oxide

Calcium Carbonate/Limestone

Calcium Gluconate Powder

Calcium Iodate Anhydrous

Citric Acid Anhydrous

Sodiumbutyrate 70%

Phosphoric Acid

Mono Propylene Glycol

Lactic Acid 88%

Vitamins & Carotenoids

We source high-purity vitamins and carotenoids that will support comprehensive animal health.

Ingredient
D - Biotin 2% (Calcium Carbonate)
D - Biotin Pure
D Calcium Pantothenate (Vitamin B5)
Natural Mixed Tocopherols 70% (Vit E)
Niacinamide Vitamin B3
Vitamin A
Vitamin B1 98% DC
Vitamin B1 Mononitrate Powder
Vitamin B1 Thiamine HCL
Vitamin B6 Pyridoxine HCL
Vitamin D3 500 CWD
Beta Carotene Oil
Astaxanthin
Riboflavin Vitamin B2 80% (non-GMO)
Betaine HCL
Choline Chloride 60%

Botanicals & Plant Based

We offer a full range of botanical extracts and powders in various compositions and ratios. We are happy to specialty source to meet your needs.

Ingredient

Seaweed Fine

Grape seed flour, 300 µm

Lemon Balm Extract 10:1 (Leaf)

Passionflower Herb Powder

Phycocyanin Powder (Algae)

Pumpkin Seeds Powder

Seaweed Coarse

Slippery Elm Bark Powder

Spirulina (Algae)

Spray Dried Blueberry Powder (Potato Maltodextrin)

Turmeric powder

Apple Pectin

Stevia

Evening Primrose Refined Oil

Brewer's Yeast

Gum Acacia Quick Gum

Sustainable Solutions

Our portfolio of products is vast, and it is our responsibility to engage and build relationships with sustainable producers and share best practices with our manufacturing customers so we can make a positive impact together.

And we are determined to give you more sustainable and innovative options in your choice of feed and nutritional ingredients. We are deepening Willows's commitment to working with supply partners for which sustainability is a key focus.

Ingredient

Algal DHA

Black Soldier Fly Protein

Cricket Protein

Fish Collagen 90% (ASC Certified)
