(14%) (CWS)

Why Choose from our Clear Water Soluble Magnesium Range?

Superior Absorption

Fully reacted means better solubility and high bioavailability. Consumers get the magnesium they need to support energy, muscle function, and reduce fatigue.

Formulation Versatility

From powders and liquids to capsules, gummies, and functional foods, solubility ensures seamless integration into your product. No sediment. No cloudiness. Just clean, reliable performance.

Better Taste and Mouthfeel

No chalky, gritty finishes. With our Mg Neezium® Crystal Clear range, you achieve a smooth profile that works beautifully with flavours and enhances the consumer experience.

Digestive Tolerance

Gentle on the stomach and well tolerated. Ideal for daily wellness applications where compliance is vital.

Trusted and Transparent

A well-recognised form of magnesium that strengthens your product's credibility and builds consumer confidence.

 Neezium® Crystal Clear	Magnesium Citrate (8-9%) (CWS) Highly Soluble and Versatile
 Neezium® Crystal Clear Blue	Magnesium Bisglycinate (8%) (CWS) Gentle chelated form with mild taste profile
 Neezium® Crystal Clear Purple	Magnesium Malate (14%) (CWS) Ideal for active lifestyle formulations

Supporting innovative magnesium formulations with clarity, performance and formulation flexibility.
